19.02.2018

Warm up

South of the arena and competition area toward the parking.

Course details

Women 15 controls / 3.3 km

Men 17 controls / 3.7 km

Qualification to the final

The 30 best in each class qualify for both the final and the knockout quarter final

Terrain

The area is divided in two parts; an old city center with narrow alleys and stairs and a castle with walls on several levels. Both parts hilly.

Mostly hard surface, some grass around the castle.

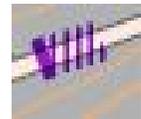

Traffic

Most of the area has little or no traffic, but parts of the courses are in areas with residential traffic. Please be careful when crossing streets and be aware of pedestrians.

Special info

There are some artificial out-of-bounds areas, these are marked on the map with 707 "uncrossable boundary" 0.7 mm wide and, in all but one case, the 709 "out of bounds area", and in the terrain with tape on the ground. These are manned during the race.

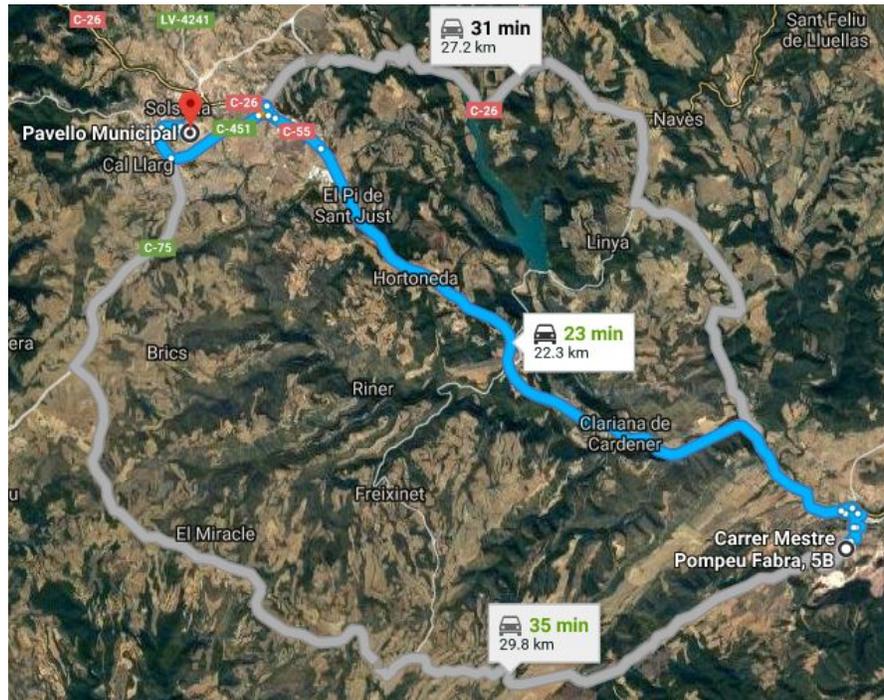

One road is forbidden to cross and marked with 709. There is one allowed crossing point marked on the map with 708 "crossing point". In the terrain this is a zebra crossing which must be used.

19.02.2018

Start lists

Starting order will be reverse from the results in the qualification. Start lists will be published on the MOC webpage and printed version will be put up in the rest area.

Time table

16:00 First start B-final
17:00 First start women final
17:30 First start men final

Warm up

On the route between the rest area and arena.

Course details

Women 17 controls / 3.9 km

Men 19 controls / 4.3 km

Both courses have an arena passage with map exchange. Both maps are printed on the same paper. There is a marked route from the last control of the first loop to the new start on the second loop.

Qualification to the knockout quarter final

All A-final runners and the 6 best B-final runners will qualify for the knockout quarter finals.

Terrain

The area consists of an old city center with narrow alleys, mostly flat. Hard surface with small park areas.

Traffic

Most of the area has little or no traffic, but parts of the courses are in areas with residential traffic. Please be careful when crossing streets and be aware of pedestrians.

Special info

There are some artificial out-of-bounds areas, these are marked on the map with 707 "uncrossable boundary" 0.7 mm wide and the 709 "out of bounds area", and in the terrain with tape on the ground. These are manned during the race.

One road is forbidden to cross and marked with 709. There are allowed crossing points marked on the map with 708 "crossing point". In the terrain these are zebra crossings which must be used. The crossings are guarded. There is also an underpass marked with on the map with 518 and on the course print with 708 that is allowed to use. Please note that it's not allowed to cross at that place on street level.
